ABOUT WENS

We are a leading training & certification provider in the field of Non-Destructive Testing (NDT), approved by the **Knowledge and Human Development Authority (KHDA)** in Dubai. We provide NDT Level I, II and III certification services in accordance with **ISO 9712** and the **PCN scheme**.

Our Certification Body, the **British Institute of Non-Destructive Testing (BINDT)**, accredited by the **United Kingdom Accreditation Service (UKAS)**, has certified us to conduct PCN Level 1, Level 2 and Level 3 NDT certification programs as an **Approved Training Organization (ATO)** and **Authorized Qualifying Body (AQB)**.

We are also certified by URS (UKAS) to operate a Quality Management System that complies with the requirements of **ISO 9001** for the provision of training and examination of NDT personnel.

SCOPE OF CERTIFICATION

- Radiography Testing
- Ultrasonic Testing
- Magnetic Particle Testing
- Liquid Penetrant Testing
- Visual Testing
- Radiation Safety
- Weld Inspection

PRODUCT SECTORS

- Welds
- Castings
- Wrought Products
- Multisector: General Engineering Materials and Components

Your requirements will be reviewed against our PCN authorization before confirmation.

Our facility is equipped with a full-fledged classroom and practical facility, located at Multiline 6 Business Center, Arjunmand Building, next to Dubai Investment Park 1 Metro Station and easily accessible by RTA Metro.

Our centre has well-experienced, qualified trainers and examiners, all the study materials, a wide range of equipment and tools, and **over 750 training and certified exam samples** covering the entire range of defects.

With **over 20 years of experience** in training & certification, WENS can give your team the best of knowledge. Our slogan, **"Knowledge for Success"**, comes from our drive to add value to your human capital and take the quality of your workmanship to the next level.

Our trainers are **Level 3 & M.Tech NDT qualified**. All courses are completed with a course-end examination. Candidates taking the certification examination are provided with the necessary equipment and tools.

Our clients come from many sectors, including **Oil & Gas, Marine & Offshore, Power, Engineering Fabrication and Building & Construction** We provide individual and corporate training to best suit your requirements, and a transition program from ASNT Level III to PCN Level 3.

For further clarification, please do not hesitate to contact us. Thank you.

WHAT WE TEACH

RT — **RADIOGRAPHIC TESTING**
Gamma ray & X-ray, welds and castings

UT — **ULTRASONIC TESTING**
Plate, pipe, nozzle, node & T-joint welds

MT — **MAGNETIC PARTICLE TESTING**
Portable yoke / bench unit, welds, castings

PT — **LIQUID PENETRANT TESTING**
Welds, castings, forgings

VT — **VISUAL TESTING**
Welds, castings, forgings

RADIATION SAFETY

Basic Radiation Safety (BRS) · Radiation Protection Officer (RPO)

ABOUT THE PROGRAM

BINDT / PCN CERTIFICATION

PCN (Personnel Certification in Non-Destructive Testing) is the international certification scheme of the British Institute of Non-Destructive Testing (BINDT), in line with ISO 9712. At WENS, technicians and engineers prepare for PCN through classroom theory and hands-on practicals on real NDT equipment.

01
Training
Theory plus hands-on practicals on real flaw detectors and specimens.

02
Examination
General, specific and practical exams for Level 1, 2 & 3.

03
Certification
PCN certificate, recognised by industry worldwide.

ALREADY ASNT LEVEL 3?

TRANSITION FROM ASNT LEVEL 3 TO PCN LEVEL 3

Take your existing ASNT Level 3 qualification to the PCN scheme through a dedicated transition route. Talk to our team about eligibility and exam scheduling.
